

# ANISOPRINT CFC TECHNOLOGY

## ANISOPRINT COMPOSITE MATERIALS

- Composite Carbon Fiber (CCF)
- Composite Basalt Fiber (CBF)

## **2** During printing – COMPOSITE FIBER CO-EXTRUSION:

## RESULT

## DUAL-MATRIX COMPOSITE

- Up to **20** times stronger than **plastic**
- Up to **7** times lighter than **steel**
- Up to **2** times stronger and lighter than **aluminum**
